

Exclusion of moisture for cold storage

HP Sheet (Humidity Proof Sheet)

The feature of HP Sheet

①. The great efficiency of moisture exclusion

HP Sheet achieves 0% of the moisture permeation.

②. The safety and easy to use construction.

HP Sheet is the sticker sheet. You can use normal temperature.

③. Specialization in adhesive property

It is available to use even at high and low temperature .

Physical property data

1. moisture permeation test

moisture permeation test 40°C・90%RH
